

Hello Owners,

As we head into the 2019 Holiday season and on to have taken time out of their busy lives, I would like to share some appreciation for all of the owners that have taken significant time out of their busy lives and to participate in our committees.

It is this extra effort that that makes up & bonds the fabric of our collective wellbeing at RRanch.

The voices and ideas shared, discussed and then brought forward into real action is where we shape and reshape what I like to call our "2<sup>nd</sup>, or home away from home".

To all of you, without listing names, I/We appreciate those individuals from the Equine & Horseman's Association to Campgrounds & Cabin Committee and on to the boat & let's not forget our Snack bar committees as well as our New Reserve committee.

I would also like to mention the appreciation for those owners/members that are not on a committee but do show up and participate...

**Thank You All for your efforts!**

I would also like to by name acknowledge the fantastic job Brad and the maintenance staff have put forth which we all were so fortunate to have benefited from this past spring and summer.

It is also equally important to acknowledge April and the rest of the office staff have added to our wellbeing, as well the extra efforts put into dissecting and presenting an iron clad and accurate to the last detail budget to which Ed also poured his everything into as well. Great job!

It was this budgeting effort that allowed us to make the tough financial choices with confidence that simply could not be kicked down the road any longer and ultimately facilitates our "special place or "home away from home" getting the attention it deserves and needs.

Again, in Closing Thank You All for a great 2019 season.

Onward to an even better 2020 we go!

Sincerely

Joe Meyer

Board of Director President
